NEW Essential Nursing Skills Videos—

When it comes to caring for modern-day people in our modern-day world, it’s important to stay on top of the latest trends and best practices.

That’s why Kaplan Nursing and Frances Payne Bolton School of Nursing at Case Western University are updating the existing set of instruction videos to include broader topics and more current procedures, including:

- Oxygen via Nasal Cannula
- Bathing a Client
- Making an Occupied Bed
- Straight Catheter Insertion (Male)
- Foley Catheter Insertion (Female)
- Oxygen via Simple Face Mask
- Oxygen via Partial Re-Breathing Mask
- Oxygen via Venturi Mask
- Oxygen via Trach Collar
- Oxygen via Bag Valve Mask
- Therapeutic Back Rub
- Moving a Client
- Handwashing
- Sterile Gloving
- NG Tube Insertion
- Sterile Dressing
- Obtaining Vital Signs (T, P, R, BP)
- Providing Tube Feeding

This is a great addition to our Integrated Testing program for nursing school. So sit back, relax, and watch your skillset grow.
