KAPLAN NURSING
Integrated Testing Program + NCLEX-RN® Review
Proven results. Outstanding service. Great value.
Kaplan offers nursing schools a truly unique experience. Our team of nurse educators takes a specialized approach to learning centered around critical thinking and remediation to deliver measurable results with exceptional service.

- **Effective and purposeful remediation**
  Our questions and methods of remediation promote critical thinking and produce results by helping those students struggling most.

- **Customized curriculum**
  Our expert nursing consultants make it easy to seamlessly integrate our material into your curriculum with a customized program built to your needs. Your personally assigned nursing consultant will help you through the transition.

- **The best service, hands down**
  A dedicated Kaplan Service Specialist is always nearby to help answer questions.

- **Competitive pricing**
  We offer a competitive price point lower than the competition.

WHY KAPLAN?

Find out why you should make the switch.

From our clients: nursing faculty just like you.

One call to Kaplan and I had individualized remediation plans for each student within a few short hours. I didn’t think that this quality of customer service existed any longer!

Q: What does your role as Service Manager at Kaplan Nursing entail?
A: The service specialists and I work to provide proactive service and guidance to our partner nursing schools to make sure they have the tools they need to support their students. Whether scheduling NCLEX Review classes or providing faculty training, we are available daily to answer questions and provide assistance to faculty when needed.

Q: What makes Kaplan Nursing’s team of Service Specialists different?
A: What sets us apart is the concierge-style, hands-on, proactive service that we provide. Our schools love knowing that they have one point of contact that can assist them right away with anything—sales, support, billing, curriculum issues—you name it.
